Pentecostal European Fellowship*

May 2022

SEE YOU IN STOCKHOLM!

We are looking forward to our first in person PEF event this year after the two year pandemic!

It will be an historic conference, gathering Pentecostal leaders from across Europe, including national leaders and delegates of PEF member movements from more than 30 countries, and many more participants from PEF's networks: PEM (missions), EPTA (theological institutions), PYE (youth national leaders), and pastors and leaders from the Pentecostal Movement in Sweden.

The newly renovated world renowned FILDADELPHIA Pentecostal Church in Stockholm will host our conference, which will feature a variety of plenary sessions and tracks, on a most timely theme, WAKE UP EUROPE!

Indeed, this gathering will be a wake up call to rise as a Pentecostal family and be empowered by the Holy Spirit to meet the ever-increasing challenges of our generation.

The annual General Assembly will also take place during this Conference, precisely on Thursday morning, sharing reports and electing a new Presidium for the term 2022-2025.

Please visit www.wakeupurope.net for more details, register and reserve your hotel rooms TODAY!

Let us pray for a fresh outpouring of the Holy Spirit as we come together in Stockholm for mutual encouragement, renewed vision and inspiration for the sake of the spiritual needs of our continent!

URGENT APPEAL TO NATIONAL LEADERS OF PEF MEMBERS

Dear Bishops, Presidents,
Superintendents of PEF Member
Movements,

In view of our soon coming PEF Conference in Stockholm, we are kindly asking you to invite and bring your youth national leaders and delegates endorsed by your national leadership to our Conference in Stockholm.

It will be a great opportunity for them to mingle with other youth leaders from across Europe after two years of physical separation due to the Covid pandemic, and also to be inspired and encouraged as they interact with spiritual fathers and mothers from our Pentecostal family in Europe.

We believe we are living in a kairos moment as God is raising a new generation of Pentecostal leaders that will carry on the mantle of God's call for Europe. As a branch of PEF, the Pentecostal Youth of Europe exists to facilitate such process. Please help us mobilize the youth leaders of your respective nations!

Be aware that, given their limited resources, youth leaders will benefit from special financial conditions.

Once they get your recommendation, please ask them to contact us at: youth@pef.eu

For more details on the conference program, please visit:
