

PEF STATEMENT ON THE SITUATION IN UKRAINE

As the Pentecostal European Fellowship, we are deeply grieved at the loss of so many lives, the displacement of so many people, and the tragic suffering caused to the most vulnerable as a result of the Russian war against Ukraine.

We are all saddened by all the ramifications of this horrible war, including the destruction of Ukrainian church buildings, stopping the operation of ministries that have been working so hard for years for the betterment of their society.

As we firmly deplore this unwarranted and unjustified war of aggression against the nation of Ukraine, we are calling our churches to pray and work for a just and lasting peace.

UPDATE ON PEF'S EVANGELISTIC ACTIVITIES

In its recent meeting, PEF Presidium has restructured its organization in regard to missions and evangelism. From now on, all such initiatives will be organized by the Pentecostal European Missions (PEM), a branch of PEF. Thus, Impact 2024 will be led by PEM, in cooperation with all duly recognized evangelistic ministries in Europe.
